

Why Support IGNITE Worldwide?

Innovation requires a diverse workforce.

IGNITE Worldwide brings girls up to a level playing field in order to transform the landscape of women in STEM.

Women of color are being left behind.

IGNITE Worldwide removes barriers facing girls of color so they can see themselves represented in STEM.

Source: AnitaB.org, 2017

Women leave positions at tech companies 2x faster than men do.

Getting girls interested in STEM is just the first step. **IGNITE Worldwide creates powerful networks of support for women at their workplace.**

*“Volunteering with **IGNITE Worldwide** has helped me build a supportive community at work, centered around **shared values of diversity and inclusion.**”*

Liz Bander, Microsoft

Most Effective

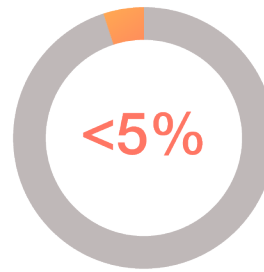

Transforming the gender balance in STEM classes.

IGNITE Worldwide inspires girls to pursue STEM subjects with their friends.

80,000 girls inspired to date!

Before IGNITE

After IGNITE

Award-Winning

National Science Foundation and White House Office of Science and Technology Policy Award, 2018.

Anita Borg Social Impact Award, 2012.

Department of Education State and National Best Practice Award, 2007.

During School

IGNITE Worldwide programs take place during school hours, so *all* girls are able to participate.

Research-Based

Our programs are grounded in best practice research to achieve the highest impact possible.

Focused on Underserved Communities

We are intentional in serving girls from low socioeconomic backgrounds and Title 1 schools.

IGNITE Worldwide is the key!

We open the door for girls to opportunities that were previously unimaginable.
