Educator Guide to IGNITE Worldwide Events

About IGNITE Program Events

IGNITE Worldwide is the answer to achieving gender equity in STEM. IGNITE works directly with educators to connect girls* with STEM opportunities during the school day. Our award-winning Program offers a variety of interactive events featuring STEM professionals** who represent IGNITE Students' diverse backgrounds and perspectives.

**We serve girls, young women, nonbinary, transgender, agender, and genderqueer students.*

***We encourage women, nonbinary, transgender, agender, and genderqueer volunteers.*

Inspire students through exciting events designed to meet your needs and accommodate your schedule:

- **Choose events from a wide variety of topics, event lengths, and formats.**
- We offer options for **On-Demand Events** (choose your own date and time) or **Scheduled Events** (predetermined date and time).
- **Include translation or first language speaker requests**, provide preferences for event topics, share student demographics, and anything that we should keep in mind to best serve your students.
- **IGNITE is designed as a school-wide program so all girls* have the opportunity to participate in events.**

Virtual Events

Work-Based Learning Experiences

Virtual Events are a memorable experience for IGNITE Students to learn about a STEM company, meet STEM professionals, and discover a variety of STEM skills and careers! IGNITE Students participate in a small-group hands-on activity focused on a wide range of 21st-century topics and engage in a Panel and Q&A discussion featuring STEM professionals from the hosting company.

Virtual Events will likely be held with more than one school to maximize student engagement.

Duration 90-105 minutes

Base event is 90 minutes; depending on company availability, some events include the option to request an additional 15-minute extension.

60-minute Virtual Work-Based Learning Experiences available for IGNITE Elementary Students

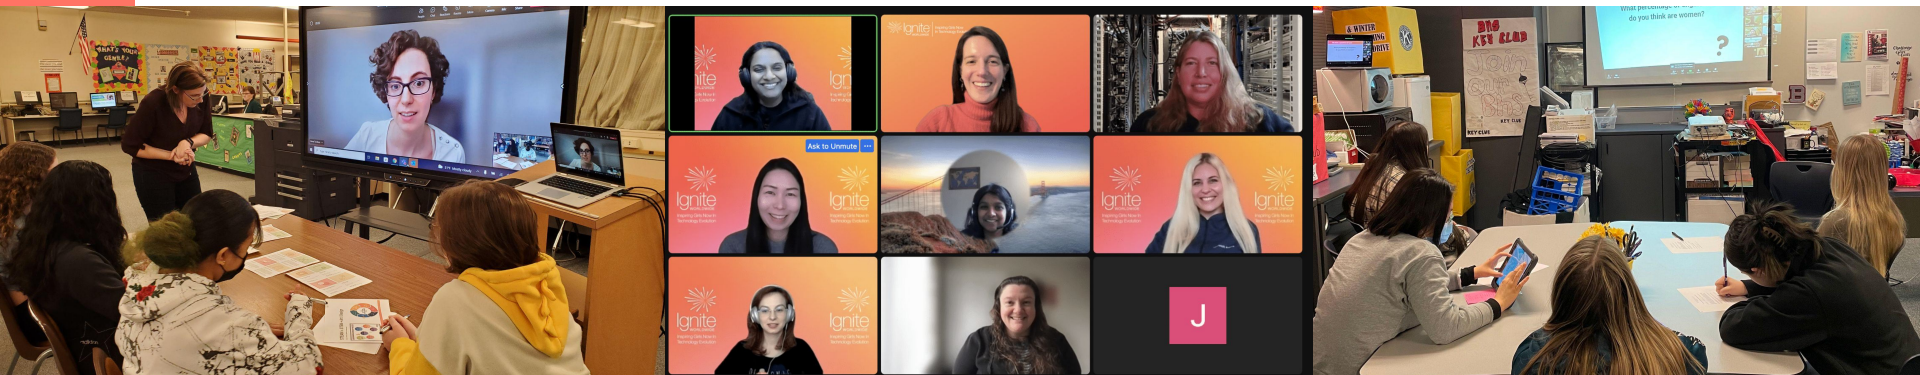

On-Demand Available

You choose the date and time!

Virtual Events

Work-Based Learning Experiences: Sample Agenda

- Welcome and Introductions
- Company Background Information and/or Virtual Tour
- Panel** and Q&A Discussion
- Small Group Activity in Breakout Rooms
- Students Complete (digital or print) Surveys
- Final Round of Advice and Goodbyes

**We encourage women, nonbinary, transgender, agender, and genderqueer panelists who represent IGNITE Students.

Virtual Events

Panels

Virtual Events create a unique space for IGNITE Students to meet and interact with STEM professionals from diverse backgrounds and a variety of careers. Distinct from a typical lecture on STEM career paths, panels are a fantastic opportunity for students to hear unique perspectives and insights as panelists share their personal, educational, and career journeys and engage students in a Q&A discussion.

Virtual Panels are also available for postsecondary education IGNITE Students.

Duration

60-minute Panel (recommended) with 4-5 panelists, includes 25-minute Q&A

45-minute Panel with 2 panelists, includes 20-minute Q&A

40-minute Virtual Show-and-Tell Mini-Panel available for IGNITE Elementary Students

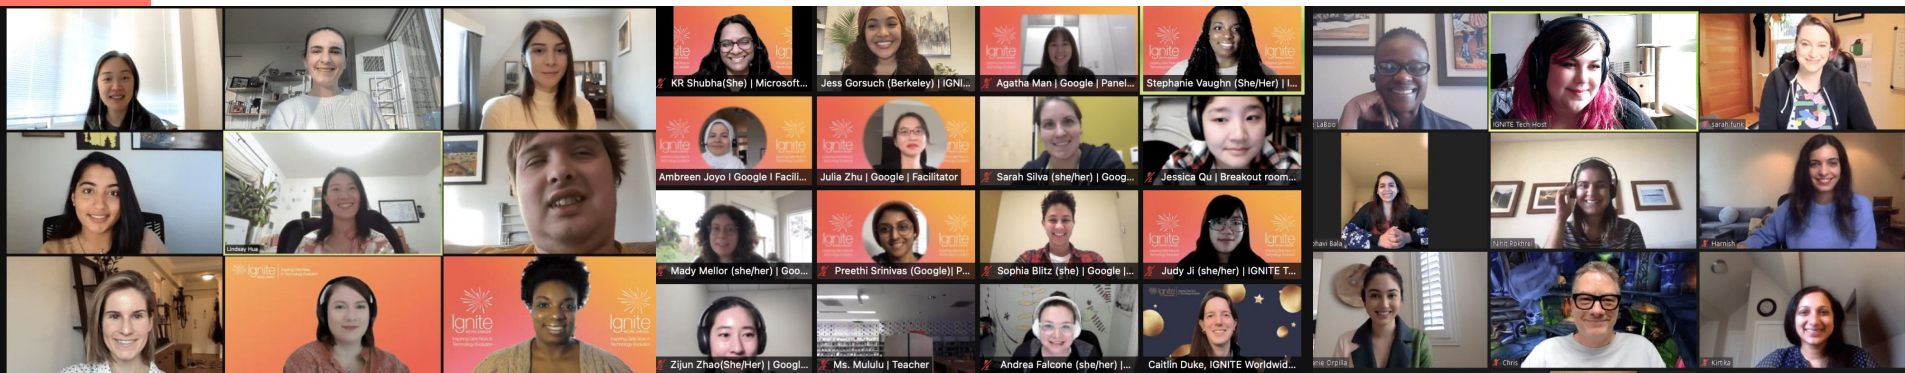

On-Demand Available

You choose the date and time!

Virtual Events

Panels: Sample Agenda

- Volunteer Leads Welcome & Introductions
- Background Information on STEM and Non-Traditional Careers
- Panelists** Share Their Stories
- Students Engage in Q&A Discussion with Panelists
- Students Complete (digital or print) Surveys
- Final Round of Advice and Goodbyes

**We encourage women, nonbinary, transgender, agender, and genderqueer panelists who represent IGNITE Students.

In-Person Events, at Host Company

Field Trips

Give IGNITE Students a behind-the-scenes look at STEM in action on an unforgettable Field Trip to a local company! These one-of-a-kind experiences explore a wide variety of career options, offer a hands-on activity, and feature an interactive Panel presentation and Q&A discussion with STEM professionals. This event includes lunch, provided by the hosting company.

Locations Currently Available *In-person events are available only to schools located in either the Puget Sound (Washington) or San Francisco Bay (California) areas. If you are interested in hosting in-person events in your region, please contactus@ignite-worldwide.org for more information.*

In-Person Events, at School

Panels

Host 4-5 IGNITE-trained STEM professionals at your school for an interactive Panel including Q&A discussion. IGNITE recruits a diverse group of panelists from a variety of STEM careers to connect directly with students and to share their personal, educational, and career experiences so that IGNITE Students can see what's possible.

Panels are also available for postsecondary education IGNITE Students.
