

Inspiring Girls Now  
In Technology Evolution

IGNITE was founded on the principles of supporting girls and gender-diverse students, as these students face the largest barriers to education and career exposure in STEM fields. We provide a sustainable, scalable, and effective program that works with educators to reach students where they are: at school, during the school day. By offering in-school programming, we are uniquely positioned as an equitable and accessible opportunity for students.

**This grid is designed to start the conversation about your partnership with IGNITE. Please email us to discuss in more detail your specific wants and needs, including IGNITE Program event participation\*, so that we can develop a partnership proposal that is as unique as you.**
