IGNITE was founded on the principles of supporting girls and gender-diverse students, as these students face the largest barriers to education and career exposure in STEM fields. We provide a sustainable, scalable, and effective program that works with educators to reach students where they are: at school, during the school day. By offering in-school programming, we are uniquely positioned as an equitable and accessible opportunity for students.

Questions? contactus@ignite-worldwide.org

** Part of the Equitable Expansion Project to introduce and implement the IGNITE Program to new school districts in a research-driven new location in the United States.

*** Membership to the IGNITE Worldwide Advisory Board extends for a single term with the option to renew.
