

IGNITE Worldwide Sample Panel Questions

Education

- How did you decide what to study?
- What classes should I take to learn more about technology and engineering?
- What kinds of technical skills should I start learning now?

Career

- How did you figure out what to do for a career?
- What do you do in your role day to day?
- Why would you suggest a STEM career for students of underrepresented genders?
- What can I do now to learn more about my career options in STEM?
- What can I do to prepare to work for a STEM company?
- How do I choose what jobs I should apply for?
- Do you have any advice on how to prepare for a job interview?
- How can I build my confidence? Why is it important to have confidence?

Feel free to write down your own questions on the back!

What is IGNITE Worldwide?

IGNITE Worldwide (Inspiring Girls Now in Technology Evolution) is an organization dedicated to showing girls, young women, nonbinary, transgender, agender, and genderqueer students the opportunities available to them in STEM (Science, Technology, Engineering and Math)!

IGNITE Worldwide can offer you various fun and engaging STEM events, such as:

Panel discussions
with women in STEM,
virtual and in person

Field trips to local
STEM companies

STEM Workshops
at your school

Virtual Work-Based
Learning Experiences

You will get to meet other students of underrepresented genders with shared interests, and you will meet amazing **professional women with awesome careers who want to help YOU!**
