

# PROGRAM PARTNERSHIP

## Welcome to the IGNITE Worldwide Community!

As an IGNITE Worldwide Partner, you are taking a vital step toward helping shape the future STEM workforce through our award-winning IGNITE Program. Together, we are introducing girls and gender-diverse students to educational and career opportunities that might otherwise have felt out of reach.

## About IGNITE Worldwide

IGNITE Worldwide is the answer to achieving gender equity in STEM. We work directly with teachers during the school day to provide programming that promotes STEM education and career advancement for girls and gender-diverse youth to help them recognize new possibilities for their futures.

## Funding Our Work

IGNITE is able to offer cost-free programming to underresourced schools thanks to our network of generous donors.
