

IGNITING SUCCESS THROUGH CONNECTION

ABOUT CAREER LAUNCH

The IGNITE Career Launch Program is a 12-week mentorship program designed to connect female-identified and gender-diverse individuals who are 18 and older with experienced STEM professionals. The main goal is to provide them with valuable insights, support, and networking opportunities to foster their continued growth and success in STEM.

Mentees and Mentors can expect:

- Meeting for at least 6 sessions.
- 1 hour each session (recommended).
- A full 12-week guideline to help lead sessions.
- Scheduling these sessions between September 15 to December 5.
- Meetings held via video calling (i.e., Zoom), or, if the mentee and mentor agree, in-person in a public space.

If interested, mentors and mentees can fill out the applicable registration survey below to confirm participation, and IGNITE Interns will start the pairing process and be in contact.

Registration Surveys:
